

Youth & College Programs

PROJECT ADVENTURE, INC. - YOUTH & COLLEGE PROGRAMS

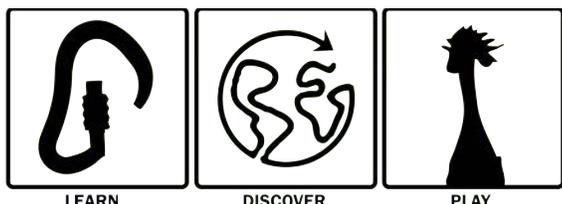

When you need an edifying adventure that will tackle a serious agenda with a lot of fun, a Project Adventure experience is the catalyst for your success.

Expertise You Can Trust

Youth & College Programs (YCP) Specialists are experts in designing and facilitating experiential adventure programs for student groups from elementary through graduate school. After conducting a thorough needs assessment, we will create a customized experience that will help your group achieve its unique mission.

Examples of goals we've helped participants achieve:

- Establishing norms and creating positive culture
- Developing social and emotional competencies
- Gaining confidence and leadership skills
- Strengthening communication and collaboration
- Optimizing team chemistry and performance
- Celebrating achievements

Who is Project Adventure?

Project Adventure, Inc. is an innovative non-profit teaching organization and a respected leader in adventure-based experiential programming. For over 45 years, Project Adventure has been committed to its mission of producing life-changing outcomes by facilitating transformative group experiences.

What is Adventure?

The word adventure often conjures up images of rock climbing, rafting, or parachuting, but it can be a way of doing almost any activity. An experience becomes an adventure when a feeling of surprise, excitement, or risk exists. A shared adventure can compel people to achieve growth they never imagined possible.

Options to Meet Your Goals

Challenge Course Days

- With access to our full ropes course, we can create an invaluable adventure learning experience.

Portable Adventure Experiences

- Using a variety of movable props and tools, our facilitators can bring the adventure to you.

Ongoing Programming

- Some groups' goals are best met through a combination of on-site or off-site programming that takes place over a longer duration, like a school year.

Summer Adventure Camp & Leaders in Training

- Youth who visit our ropes course often ask how they can come back. Our summer programs offer youth a unique opportunity to challenge themselves further.

Getting Started With Project Adventure

Contact our YCP Specialists today to find out how PA can help your youth or college group achieve its goals. Call us at **978.524.4558**, email **info@pa.org** or visit **www.pa.org/introduction-youth**

"On behalf of the entire Residence Life staff, I wanted to thank you and your team for an excellent day at PA...our RA staff overwhelmingly listed the day with you as their favorite activity throughout training. We will definitely be using PA again next year."
-Assistant Dir. of Resident Life at Merrimack College
